

## ONLINE EDUCATION

Online Education is defined as a formal educational process in which the majority of the instruction occurs when the student and instructor are not in the same place. Instruction may be synchronous or asynchronous. Online Education may employ audio, video, or computer technologies.

The District will offer Online Education that meets all requirements of the regional accrediting body and be guarded by the Western Interstate Commission on Higher Education principles.

The District will develop procedures related to Online Education in the following areas:

- Evaluation and assessment
- Availability of library and learning resources
- Student services in the areas of: admission, financial aid, and course materials.
- Student attendance and participation
- Facilities, staffing and equipment
