

## EQUAL EDUCATIONAL OPPORTUNITIES

All students of the district will have equal educational opportunities. The Board will strive to provide all students equal access with respect to admission or membership in school-sponsored organizations, clubs or activities; access to facilities; distribution of funds; academic evaluations; or any other aspect of school-sponsored programs or activities.

The Board recognizes, however, that in implementing this policy, children vary widely in capabilities, interests, and social and economic background, and that no two children can be treated exactly alike if the fullest development of each is to be achieved.
