

## PROGRAM AND ASSIGNMENT OF SCHOOL NURSES

Nurses shall have the responsibility of planning and supervising the health programs of the District and the maintaining of the cumulative health record of every student. If several nurses are employed, the District shall designate a Coordinator of School Health Services. The Coordinator of School Health Services will be under the supervision of the superintendent.

Daily schedules for the school nurse shall be worked out under the supervision of the superintendent and the principals. The schedule shall be arranged to best meet the health needs of the students. The superintendent shall have the final approval of the schedule.
